

Curriculum Vitae

Name: Xilin XIA

Address: School of Engineering, University of Birmingham, Edgbaston, B15 2TT, UK

Tel: +44 (0) 1214144297

Email: x.xia.1@bham.ac.uk

Webpage: <https://www.birmingham.ac.uk/staff/profiles/civil/xia-xilin.aspx>

Xilin Xia is an assistant professor working on computational modelling of natural hazards and their impacts. His research interests cover computational hydraulics, high-performance computing, machine learning and their applications in modelling and understanding hydraulic, hydrological, and geotechnical processes in both natural and urban environments. His research vision is to develop advanced and holistic modelling technologies to facilitate the risk management of extreme weather induced hazards and enhance resilience of infrastructure.

EMPLOYMENT

- 05/2022 – present **Assistant Professor in Resilience Engineering**, School of Engineering, University of Birmingham
- 05/2018 – 05/2022 **Lecturer in Water Engineering**, School of Architecture, Building and Civil Engineering, Loughborough University
- 11/2016 – 05/2018 **Research Assistant/Associate**, School of Engineering, Newcastle University
- Worked on three NERC-funded projects:
Susceptibility of catchments to INTense RAInfall and flooding (SINATRA)
Towards END-to End flood forecasting and a tool for Real-time catchment susceptibility (TENDERLY)
REMATCH: Building RESilience to Multi-source Flooding in Southeast/South Asia through a Technology-informed Community-based approach

EDUCATION AND CERTIFICATES

- 07/2021 – present **Fellow of Higher Education Academy**
- 09/2012 – 05/2017 **PhD in Water Resources**, Newcastle University, UK
This title: High-Performance simulation technologies for water-related natural hazards
- 09/2010 – 06/2012 **MEng in Road and Railway Engineering**, Wuhan University, China
- 09/2006 – 06/2010 **BEng in Civil Engineering**, Wuhan University, China

HONOURS AND AWARDS

- 08/2017 **Promising Young Scientist**, The 15th International Symposium on Geo-disaster Reduction, Chengdu, Shimane and Kyoto, Japan
- 04/2017 **Featured Article**, Water Resources Research
- 10/2016 **Outstanding Young Researcher**, The 14th International Symposium on Geo-disaster Reduction, Chengdu, China
- 03/2016 **Scholarship**, Henry Lester Trust
- 06/2015 **Scholarship**, Great-Britain China Centre Educational Trust
- 2012 – 2015 **PhD Scholarship**, Newcastle University
- 07/2012 **Excellent MEng dissertation**, Wuhan University
- 07/2010 **Excellent BEng dissertation**, Wuhan University

EXTERNAL PROFESSIONAL ACTIVITIES

- 03/2024 – present **Turing Fellow**, The Alan Turing Institute

11/2023	Giving an Invited Keynote Talk at University of Cambridge
08/2023	Giving an Invited seminar at University of São Paulo
06/2021	Giving an invited seminar at Wuhan University, China
02/2021	Giving an invited seminar at Technische Universität Berlin
11/2020	Giving an invited seminar at the University of Edinburgh
2019 – 2020	Co-editing a special issue on shallow water flow modelling in <i>Advances in Water Resources</i>
08/2019	Giving a keynote talk in the UK-China Researcher Links Workshop on Hydro-geohazards and Urban Resilience
11/2018	Disseminating research outputs of FFIR project at Royal Society
2018	Convenor , The 13 th International Hydroinformatics Conference (HIC)
2017	Session Chair , The 37 th IAHR World Congress
2017	Session Chair , The 15 th International Symposium on Geo-disaster Reduction
2017 – present	Editor , Geoenvironmental Disaster
2015 – 2017	Invited talks at Sun Yat-Sen University and Hohai University
2016 – present	Invited Reviewer , for ' <i>Journal of Hydraulic Research</i> ', ' <i>Advances in Water Resources</i> ', ' <i>Journal of Hydrology</i> ', ' <i>ICE – Water Management</i> ', ' <i>Water Science and Engineering</i> ', ' <i>Journal of Hydroinformatics</i> ', ' <i>Journal of Hydrodynamics</i> ', ' <i>Computational Methods and Applications in Mechanics and Engineering</i> ', ' <i>Science of Total Environment</i> ', ' <i>Quarterly Journal of Engineering Geology</i> ', ' <i>Water Resources Research</i> ', ' <i>Journal of Geophysical Research: Earth Surface</i> ', ' <i>Ocean Engineering</i> ', ' <i>Computers and Geosciences</i> ', ' <i>Natural Hazards</i> '.

TEACHING ACTIVITIES

University of Birmingham

2023 – 2024 **Module leader** of Surface and Ground Water Hydrology (Year 3)

2023 – 2024 **Civil Engineering Lead** of Integrated Design Project 2 (Year 2)

Loughborough University

2020 – 2022 **Module leader** of Flooding Modelling and Management (PGT)

2019 – 2022 **Module leader** of Sustainable Flood Management (Part D) and Civil Engineering Field Course (Part B)

2018 – 2022 **Module leader** of Integrated Water Resources Management (PGT)

2018 – 2022 Contributing to Water and Natural Environment (PGT)

LEADERSHIP AND ADMINISTRATION

University of Birmingham

2022 – present Supporting Civil Engineering Master projects

2023 – present Deputy Lead for Research Advisory Panel, Met Office Academic Partnership

Loughborough University

2020 – 2022 Part D Year Tutor for Civil Engineering

2019 – 2022 Member of internal review panel for NERC standard grants

2018 – 2022 Convenor of Water Seminar Series

2018 – 2022 Member of HPC Stakeholder Sub-committee

RESEARCH GRANTS

2023 – 2025	Strategies and Tools for Resilience of Buried Infrastructure to Meteorological Shocks (STORMS), STFC, PI (UoB value: £199,939), ST/Y00406X/1
2023 – 2025	High-performance Integrated Hydrodynamic Modelling Framework For Hydrogeological Hazard Chains In High Mountain Areas, The Royal Society, PI £12000, IECNSFC223218
2022 – 2025	Quantum Sensing - Ground, and Aquifer Monitoring for Environmental Sciences (QS-GAMES), EPSRC, Co-I (UoB value: £608,632), EP/X036472/1
2021 – 2022	ENACT: Evaluating the feasibility and efficacy of integrated catchment-scale Nature-based solutions for Climate Change adaptation in India, Co-I , NERC
2021 – 2022	Building a Flood Hazard Impact Model for India (FHIM-India) Phase 2, Newton Fund through UK Met Office, Loughborough Co-PI (Total value £75446, value to LU £18196), P109479
2020 – 2022	Beyond the networked city: building innovative delivery systems for water, sanitation and energy in urban Africa, ESRC, Co-I (Total value £1.73M, value to LU £355330), ES/T007656/1
2019 – 2021	WCSSP India – Lot 7, Building a Flood Hazard Impact Model for India (FHIM-India), Newton Fund through UK Met Office, Loughborough PI (Total value £568251, value to LU £184010), P106860
2018 – 2019	Newton Fund Researcher Links Workshop Grant: Hydro-geohazards and Resilient Urban Growth, British Council, Co-I (value to LU £24000), 2018-RLWK10-10625
2019 – 2020	IAS water theme, Loughborough University, Co-Lead (Total value £38000)
2019 – 2020	FUTURE-DRAINAGE: Ensemble climate change rainfall estimates for sustainable drainage, NERC, Co-I (value to LU £107470), NE/S016678/1
2019 – 2021	River basins as ‘living laboratories’ for achieving sustainable development goals across national and sub-national scales, NERC, Co-I (Total value £319389, value to LU £129548), NE/S012427/1

PhD STUDENTS SUPERVISION

2021 – 2023	Mr Nasrul Ghazili (2 nd supervisor)
2023 – present	Mr Ali Mashhadi (2 nd supervisor)
2023 – present	Miss Rachel Doley (1 st supervisor)
2016 – 2023	Miss Qian Li (2 nd supervisor), graduated
2017 – 2023	Mrs Jinghua Jiang (2 nd supervisor), graduated
2019 – present	Miss Kristine Jarsve (1 st supervisor and then external supervisor), graduated
2019 – present	Mr Haoyang Qin (2 nd supervisor)
2017 – 2022	Miss Xiaoli Su (2 nd supervisor), graduated

RESEARCH ASSOCIATES SUPERVISION

2023 – present	Dr Nikolaos Reppas
2019 – 2021	Dr Syed Kabir (now at JBA Risk)
2021 – 2023	Mrs Jinghua Jiang (now at Loughborough University)

VISITING ACADEMICS AND STUDENTS

2019 – 2020	Dr Weihua Zhao (from Chengdu University of Technology, China)
2020 – 2020	Mr Wei Shen (from University of Bologna, Italy)
2023 – 2024	Mr Qiuyang Pei (from Wuhan University, China)
2023 – 2024	Prof Xinghua Zhu (from Chang'An University, China)

PUBLICATIONS (H-index = 17, Google Scholar 12/02/2024)
